Why is it so hard to apply for the Red-White-Red Card Plus (RWR+) for Austria?

Applying for a residence permit like the RWR+ Card in Austria can be overwhelming:

- ✘ Forms to fill in German
- ✘ Long confusing lists of documents
- ✘ Lots of requirements and deadlines
- ✘ Endless questions, but no guidance
- ✘ Help from lawyers is expensive (€2,000-€10,000)

We think applying for a work permit should be as easy as booking a flight.

The **Application Assistant** puts you in control, so you make every move with confidence.

“At first I didn’t even know how to begin. With mypaperwork.ai, I finally had someone on my side, helping every step of the way.”
